## GRAPE EXPECTATIONS

We offer a hand-picked collection of fine red, white and rosé wines, selected from some of the best vineyards in the world. We also carry some delicious home-grown English wines and, for those special occasions when only something fizzy and fabulous will do, a large selection of quality champagnes.

Our highly-trained staff are only too happy to recommend the perfect wine match for your meal, sharing the insider knowledge they've garnered through meeting our wine-makers and experiencing their enthusiasm and passion for their art at first-hand.

We also host special dinners throughout the year, giving our customers the opportunity to meet our wine-makers face-to-face over a glass or two of something special. And if a customer has a favourite wine, we'll happily source it for them through our network of wine merchants.

## INTRODUCING CORAVIN!

Coravin's ground-breaking wine technology allows wines by the glass to be enjoyed, leaving the cork in place. A thin, hollow needle passes through the foil and cork to access the wine, with the cork in the bottle, the wine is safeguarded from oxidation.

The Coravin makes great wines more accessible by the glass... Try it!

Wines served by Coravin available in 125ml glasses.

## DINKY DELI

We're very fond of our dinky deli. We won our first national award in 2006 when we introduced a shopping element to the pub, so we knew we were on the right track from the start.

It was our customers who first put the idea of a shop in our heads. They wanted to know where they could buy the ingredients Ashley used in the kitchen, both in his regular cookery demonstrations and in his menu choices. And we thought: why not buy them right here?

That creative idea won us the Innovation of the Year title at the 2006 National Publican Awards, the first of what has happily become an abundance of accolades.

Our 2011 refurbishment meant our former deli space had to make way for Ashley's new state-of-the-art kitchen, but we were determined to keep our little shop in business. So, Ye Old Deli became - what else? - Our Little Shop, taking pride of place between the new dining room extension and the main drinking bar.

As well as our fully stacked shelves of locally produced and homemade items, we can also supply meat, fish, vegetables, cheese and many other items from our daily deliveries from local suppliers. Most items can be sourced for the next day. Our every popular homemade Ice Cream can be taken away too.... Picking from our extensive list of classical, weird and wonderful flavours! Freshly made bread from our kitchen can be order up to 9am for same day collection, or give us a call the day before if that's easier. We can also supply a whole range of specially designed hampers for Christmas or Birthday gifts with a difference.

Take home some of Ashley's Chocolates, maybe not an easy task with the vast amount of flavours to choose from. Or a Chocolate gift as a birthday treat or just to give to someone special. Ashley's new 'Chocolate Plaques' are going down a storm, personalised to any occasion or one with a witty slogan to make your friends chuckle.

CHAMPAGNE  
**DRAPPIER**

DOMAINE A URVILLE DEPUIS 1808  
CAVES A REIMS - FRANCE

Champagne Drappier was founded in Urville by François Drappier in 1808 and has remained family owned to this day. At their home in the heart of the Aube, away from the bright lights of Reims and Epernay, the Drappier family, now headed by Michel, produce wines of real character.

### The Vineyard

The family own a total of 56ha of vineyards with a further 40ha under contract with growers, both in the Aube and the Marne. Drappier's vineyard, are well exposed and on powerfully calcareous soil, which represents the essential terroir to deliver typical character, typicity and complexity in each cuvees.

The production methods are simple, not to say elementary, so that nature can express itself freely in the wines. The Drappier family's approach to their work, allows innovation to go hand in hand with a respect for the age-old traditions of the region.

### The Cellars

Champagne Drappier still occupies the atmospheric 12th century cellars, once belonging to the Cistercian abbey at Clairvaux.

It is through their work in the winery that Champagne Drappier stands out. The winery has over 150 tanks of varying sizes, to enable each parcel and pressing of the grapes from each vineyard to be vinified separately.

All of the wines are unfiltered and the minimum amount of sulphur is used – at fewer than 40 mg/l this is around half of the average for the appellation.
