## The BOROUGHARMS

We're Doing Pizza!

We've put our hearts and souls into our pizza creations. We've been rather fussy in making our pizzas and are proud to say that our dough and rich tomato sauce is all homemade, and I'll bet you can tell in the taste! That includes our gluten free bases too!

Choose one of our standard pizzas below or mix and match your own, using our Margherita pizza as a base. If you're vegan, no problem, just mention that when you order. If you like pizza, you're going to love it the Boro way!

## The details:

All pizzas are medium sized, between 10 and 11 inches. All pizzas are available on a gluten free base. Vegan 'cheese' available, just ask for it when you order.
