Shiraz Stone's Throw South Australia 14.0%

Often an Aussie Shiraz has so much ripe berry fruit that you miss the fact that this is the grape of the Upper Rhone, where they call it Syrah and where it is full of peppery, spicy overtones. In this wine you get a bit of both and it is wonderful for it.

Primitivo Puglia Italy 13.5%

The Americans call this grape Zinfandel and, whatever you call it, it makes the most succulent, rich wines. Not only that but the texture of the wine is like velvet. Here that succulence is balanced by hints of raisins and a touch of fig.
