# FAQ'S

## **Do we have to use your catering?**

We of course believe that our chefs are the finest in the land! However, if you have something different in mind, we will do our best to cater for it. In the past we have had street food trucks and even an ice cream van parked by the Barn, so let your imagination go wild! If you're a little stuck for inspiration, you can visit the Recommended Suppliers page on our website.

Please note, we are not able to accommodate the use of our kitchen facilities by anyone other than our in-house chefs.

## **Can we bring our own drinks?**

We stock a wide range of drinks, so hopefully you can find what you're looking for with us. We do not offer corkage at this time.

## **Can we put some money behind the bar for our guests?**

This is a very popular option – indeed, many of our hosts opt to either select a fixed amount or tell their guests that the first drink is 'on them'. Our team are very experienced (and diplomatic!) with these situations, and can be trusted to be sensible – no double spirit measures or large glasses of wine, for example!

It would be run like a normal tab, which would need to be settled by the end of the night. Our staff will let you know once the specified maximum amount has been reached.

## **How many members of staff will we have?**

This is dependant upon the size and nature of your event – for example a smaller gathering would only need one dedicated member of staff behind the bar, whereas a full-capacity event would require two, plus an extra waiter/ress for serving food and clearing away.

## **Can we use our own DJ?**

We can put you in touch with a fantastic DJ who is a regular at both the Barn and the Rose and Crown, or you can of course find your own DJ - All we ask is that they plug into our on-site sound system.

## **Can we have a live band or karaoke?**

As we are based in a residential area, we do have to be mindful of noise levels. Therefore we do not permit live bands or karaoke.

## **Can we use fireworks?**

Again, since we are situated in a residential area, we cannot allow fireworks to be set off from the grounds of the Rose & Crown / Barn.

## **Is there disabled access?**

We are a listed building, and as such, were strictly limited with our renovation. Therefore, although we do not have a ramp for the two steps between the bar/cloakroom areas and the main Barn, there are external doors on either side of the building, and so wheelchair users are able to access both sides that way.
