Arbikie Gin

Kirsty's Gin is distilled using the carefully selected local botanicals chosen by our Master Distiller, Kirsty Black. The kelp, carline thistle & blaeberry embody the elements of ocean, rock & land that surround our east coast, Angus farmlands. As fourth generation scottish farmers we perfectly nurture the crops that we use to distil our gin. We grow, distil & bottle on our single estate in a true farm to bottle operation.

Avva

Avva - means a respected grand-mother, a respected mother, any old or respectable woman in the Indian language of Dravidian. In Hebrew it means to overturn or ruin which links the reputation that gin had as 'Mother's Ruin' from the Hogarth era. Our still has been named after the founder/owners grand-mothers, Jessie Jean (J-J) and was made in Elgin by Speyside Copper Works. We believe this is the first Scottish made gin still in the whole of the UK within the small batch sector. At the heart of Elgin's history is the iconic Cathedral. Although the stunning Cathedral is now a ruin, the stone features again are credit to highly skilled craftsmen from the area. It is in the old Cathedral city of Elgin, that our small copper still J-J combines heat, spirit and specially selected Speyside, Highland and traditional botanicals. The bottle was selected in the...

Badachro

the subtle flavours and scents of local botanicals with a carefully selected combination of traditional botanicals, herbs & spices to create an absolutely delicious, unique and authentic taste of the Highlands. Juniper, wild myrtle, coriander, gorse blossom, lavender, rose-hip petals and elderflower among other delights, combine to create a distinct and delicious taste which is unique to our stunningly beautiful land of purity, clarity and wonder.

Beefeater Gin

Beefeater Pink Gin

Beefeater Pink Gin is the vibrant new strawberry gin from Beefeater London. A delicious, easy to drink and fun strawberry gin made in London and based on the classic award-winning Beefeater Dry recipe.

Blackwood Vintage Dry

Our 40% Vintage Gin is made in small batches using a traditional copper pot still. Each vintage of Blackwoods Dry Gin is subtly different, the flavour being determined by the availability of our handpicked Shetland botanicals. Our master distiller has carefully crafted our award winning gin to a unique recipe perfected by a select group of bartenders, producing the perfect gin for making great cocktails.

Blackwoods 60% Gin

The nose Citrus and spice come to the fore, underpinned by a backbone of Juniper freshness. The palate Fresh Citrus notes with hints of sweetness are lifted alongside the bold juniper and subtle coriander spice to create a full flavoured but smooth whole. The finish The flavours linger with floral highlights showing at the end.

Bloom Gin

Bloom Jasmine & Rose Pink Gin

BLOOM Jasmine & Rose is a limited edition pink distilled gin created by one of the world's first female Master Distillers, Joanne Moore. Joanne has selected exquisite floral flavours, with rose giving a distinctive scent from its oil when distilled, and jasmine for its beautifully fragrant aroma when the flower opens.

Boe Violet Gin

An incredibly smooth gin with a gorgeous colour, slightly spiced with light floral notes leaving a wonderful, delicate taste of sweet violets.

Bombay Sapphire

Our Master of Botanicals, Ivano Tonutti, doesn't just go the extra mile, he goes an extra thousand miles. He hand-selects the botanicals used in our gin and builds personal relationships with each grower. Once we've hand-selected the finest botanicals on earth, there's no way we're then going to boil them. We gently vapour infuse them to capture their bright, vibrant flavours. Every one of our gins reflect our rigorous selection process and uncompromising approach to creating fresh, clean, bright flavours that are perfect for creating exceptional mixed drinks.

Bosford Rose

BOSFORD Rose is gluten-free and distilled with the same botanicals used in the original BOSFORD London Dry Gin recipe, created in 1948 and long-popular across Europe: juniper, coriander, angelica, lemon and orange peel. It is then blended with strawberry and raspberry flavors and a hint of sugar that gives BOSFORD Rose a light sweetness to soften the sometimes-bitter taste gin is known for, making it appealing to both loyal and non-gin drinkers alike. "BOSFORD Rose is a sophisticated and light-hearted spirits brand, which boasts a fruity, balanced flavor, designed to thrill the palate of today's sophisticated consumer who likes to explore new and interesting flavors," said Lisa Pfenning, Global VP, Acceleration Brands for Bacardi. "Following its successful launches in Spain and France, we are excited to introduce BOSFORD Rose to the U.S. cocktail scene and are confident it will make a colorful splash at any summer soiree and beyond."

Botanist Gin

THE BOTANIST IS A GIN OF LAYERED COMPLEXITY. A PROGRESSIVE EXPLORATION OF THE BOTANICAL HERITAGE OF OUR ISLE OF ISLAY. 22 HAND-FORAGED LOCAL BOTANICALS DELICATELY AUGMENT NINE BERRIES, BARKS, SEEDS AND PEELS DURING AN ACHINGLY SLOW DISTILLATION. THIS FIRST AND ONLY ISLAY DRY GIN IS A RARE EXPRESSION OF THE HEART AND SOUL OF OUR REMOTE SCOTTISH ISLAND.

Brockmans Gin

Brockmans is like no other gin. For gin enthusiasts it is a revelation, for gin novices it is about discovering an unexpected individual taste. It stands proudly alone from the many other types of gin due to the unique recipe of exquisite botanicals and the patient steeping distillation process. Where the more traditional notes of gin are combined with a refreshing influence of citrus and aromatic wild blackberries and blueberries. This creates an intensely smooth gin taste that is sensual and daringly different. The unrivalled taste of this beautifully made gin can be enjoyed simply neat over ice. It is refreshingly different when served with tonic or ginger ale. For the mixologists amongst us it opens up a whole world of new taste experiences when mixed in gin cocktails.

Caorunn

Carefully handcrafted in the Scottish Highlands, Caorunn expertly infuses five locally foraged gin botanicals. Artisanal and small batch, beautifully mixing the rugged charm of Speyside with the urban sophistication of modern Scotland.

Crossbill

Crossbill Gin is a celebration of juniper and rosehip, two bold and fresh Highland botanicals. Made using only 100% Scottish hand picked botanicals, we have re-established a long lost tradition of harvesting Scottish juniper. We believe this creates a distinct taste evocative of the ancient pine forests where juniper has grown for centuries.

Daffy's Small Batch

TASTING NOTES NOSE Fresh, woody, floral, toffee. Fruity and full of life. Oriental pine forest by the sea with a breathtaking view. PALATE Smooth and vibrant spice with oaky mouthfeel, leading to lively citrus and Lebanese mint then to red fruit followed by juniper. FINISH From the depth of fine juniper & Lebanese mint to a long, buttery, warm & elegant finish – enchanting to the end.

Darnleys View Elderflower & Citrus

Darnley's View is made with six carefully selected berries, seeds, peels, roots and flowers known collectively as the botanicals. The principal botanicals in our recipe are juniper, lemon peel and elderflower. Bottled at 40% ABV to accentuate the floral, citrus notes.

Darnleys View Spiced

Darnley's View is made with a selection of ten berries, seeds, peels and roots collectively known as botanicals. The principal botanicals in our recipe are juniper, cinnamon and nutmeg. We decided to bottle at 42.7% as it is the point where the combination of warming spices makes our gin tastes its best.

Eden Mill St Andrews Candy Cane

The Candy Cane Christmas Gin is sweet on the palate, with a subtle juniper resin leading to a warmer, rich minty character with hints of light, berry fruits. Using peppermint for flavour, and bilberry and hibiscus for colour, our distillers have taken the art of gin to one universal symbol of Christmas Gin

Eden Mill St Andrews Golf

Dressed in a green jacket reminiscent of the Masters Champions, inspired by Scottish Golf courses and in homage to the spirit of golf in St. Andrews, Eden Mill's Golf Gin was created in 2018 for golfers to enjoy all over the country. This botanically rich spirit incorporates botanicals from local grassland and coastal courses around Scotland which gives the gin a unique juniper and floral flavour. To ensure Golf Gin was truly representative of local golf courses, the team of distillers at Eden Mill sourced botanicals such as Seaweed from St. Andrews Links and Gorse Flower from Braids in Edinburgh to name a few, making this Gin every golfer's G & Tee of choice.

Eden Mill St Andrews Hop

We're Scotland's original single-site brewery and distillery. So to create our award-winning Hop Gin, we married our brewing and distilling skills. Hops, a core ingredient of beer, meet our distillery's gin and the result is a zesty citrus and apricot aroma. Strong, at 46% abv, with a thick, heavy, rich finish as a G&T. Because of a balance between floral, coriander and light hoppy notes, a soft tropical fruit follows with an undercurrent of juniper. This leaves smooth, hoppy and fresh apricot notes balanced with a refreshing crisp bitterness. In essence, Hop gin leaves a 'well rounded' mouthfeel that gently fades with a light hoppy character.

Eden Mill St Andrews Love Gin

Love Gin - The famous light blush Pink Gin from Eden Mill brings together an outstanding blend of local botanicals and exotic fruits. Our pink gin is a pale colour when poured and when diluted, sweet vanilla and floral notes are brought out. Show your appreciation of a great pink gin and spread the word about Love Gin from Eden Mill.

Eden Mill St Andrews Love Liqueur

Our brand new Love Gin Liqueur is a combination of Madagascar Vanilla, Croation juniper, goji berry, rose petal and Scottish raspberry create a complex and decadent flavour profile evocative of Turkish delight and top quality raspberry ripple ice cream.

Eden Mill St Andrews Oak

As we're Scotland's original single-site brewery and distillery, with Oak Gin, we married our brewing and distilling skills leading to our oak beer barrels meeting our distillery's gin production. The result is a rich oak spice gin with notes of caramel, vanilla, and a touch of fudge. Warming, at 42% ABV, with a long, rich finish. Oak gin delivers a warm finish as lovely as a sipping gin/whisky; rich oak spice and brown honey toast finishing on sweet caramel, vanilla and sugarcane. The ginger really brings out the spice and woodiness of Oak gin. Sweet and rich-spiced fruits and spices (cinnamon & star anise) are evident. Soft delicate vanilla and fudge mingle with the ginger. Just marvellous!

Eden Mill St Andrews Original

Eden Mill's award-winning Original Gin, also known as Eden Gin, is the St Andrews take on a classic London Dry. This gin was voted Scotland's Number One Gin at the 2018 Scottish Gin Awards, where 116 gins were blind tasted! Made from Fife's seabuckthorn berries, a super food that grows within walking distance of our St Andrews distillery. The unique tart berry flavour is abundant but we balance the gin around it using citrus elements drawn from the other botanicals (like lemon balm and citrus peel). This gin is on a quite different level to most. With the warmer weather fast approaching, this is ideal for you to share with friends over a summer barbeque. A perfectly sociable gin to enjoy outdoors with friends and family. Original gin has a very clean and sweet taste. This is the perfect gin to make a classic gin & tonic so the first question...

Eden Mill St Andrews SRU

Launched in 2017, with a helping hand from Stuart Hogg, Jonny Gray and Fraser Brown, Scottish Rugby Gin has become a firm favourite amongst the team at Eden Mill and Scottish gin drinkers.

Edinburgh Elderflower Liqueur

One of our trio of gin liqueurs, Edinburgh Gin's Elderflower Liqueur is distilled using the best native ingredients, locally sourced from the rural landscapes which surround Edinburgh. Subtle yet complex, this floral liqueur is made with freshly-picked elderflowers. Elderflowers have a distinctive floral aroma and flavour that marry beautifully with gin botanicals. The summer's elderflowers are handpicked in full bloom and then infused with our classic Edinburgh Gin. The flowers are then left to macerate for a month for full flavour extraction.

Edinburgh Gin

Our classic London Dry style gin. A clean, zesty, juniper-forward gin which balances softness with bright citrus. Launched in 2010, this is our modern London Dry gin, with a nod to Scotland in its recipe including native plants and botanicals. A unique blend of fourteen botanicals includes lavender, pine buds, mulberries and cobnuts. Orange peel, lemongrass and lime peel contribute lively citrus notes. Created by hand in our West End and Leith distilleries, this is a delightfully crisp gin with a distinctively smooth finish. Bottled at 43% ABV, our classic Edinburgh Gin makes for a refreshing G&T, best served with a zesty orange twist and premium Indian tonic water. Its distinctive flavour lends itself perfectly to classic cocktails such as Martinis, Negronis, and Gimlets.

Edinburgh Plum & Vanilla Liqueur

This liqueur blends rich, luscious fruit with aromatic sweet and warm spice notes. We select the season's ripest Scottish plums to macerate with fine Madagascan vanilla. This is then infused with our classic Edinburgh Gin to produce a uniquely flavoured liqueur. Our 20% ABV Plum & Vanilla Liqueur is delicious served over ice, topped up with Prosecco or mixed with soda. It also makes a beautiful addition to a classic sour, the rich sweetness complemented perfectly by zesty lemon.

Edinburgh Raspberry Liqueur

Perthshire is celebrated for producing the most flavoursome soft fruit, and our raspberries come from a family-owned farm in Alyth, Blairgowrie. The fruit is picked at peak ripeness to ensure the perfect balance; promising just the right amount of sweetness to balance the fruit's natural tartness. We infuse the freshly-picked fruit into our classic Edinburgh Gin along with sugar, leaving the berries to macerate for a month to extract maximum flavour. This 20% ABV liqueur is delicious served simply over ice, or added to soda water with a twist of lemon to enhance its summery sweetness.

Edinburgh Rhubarb & Ginger Liqueur

A mainstay of kitchen gardens across Scotland and intensely flavoured, rhubarb is the ideal ingredient for a sweet gin liqueur. Freshly picked spring-crop rhubarb is spiked with Oriental ginger and infused with our classic Edinburgh Gin. The rhubarb and spice are left to steep for four weeks, allowing for the complex flavours to marry together. Bottled at 20% ABV, the sweetly-spiced notes of our Rhubarb & Ginger Liqueur make the perfect addition to a classic Bramble. This aromatic gin liqueur is equally at home over ice, topped up with chilled Prosecco, or mixed with ginger ale, garnished with fresh ginger and a lime twist.

Electric Gin

A pretty darn marvellous gin from Leith's Electric Spirit Co., featuring Sichuan pepper and fennel seed alongside the classic juniper as botanicals. We're expecting much tastiness to occur when this is used to make a Negroni

Elgin

THE PROCESS While we use the same recipe for every batch given the small nature of production each batch is never going to be completely identical – this makes us truly craft and something we kinda like. We distill in a small copper pot still over a direct heat which allows us to manually control the distillation, allowing us total control of the botanical flavour profile. Finally we check the quality by rigorously nosing and tasting every batch before hand filling, sealing and labelling. **THE TASTE** We believe the overall flavour is like Cranachan in a glass. We have tried to make a very versatile gin that is equally good straight on ice, with tonic or as a cocktail base. We wanted to move away from a "ginny" gin so we have added Scottish Oats, local fruits and top quality botanicals so it is part of the cast but definitely not the leading...

Felons

You shouldn't need a PHD to order a G&T. We have spent our lives in hospitality, passionate about great drinks and the experiences they create. Even for us though, drinks geeks and passionate bartenders, the gin world was getting a bit out of control. We heard our customers, we shared their confusion and frustrations with endless exotic garnishes and cryptic recipes and we listened to their pleas for a 'really good G&T that's citrusy'. So we thought, 'why the hell not?' and set about to make our own. A spirit that we would drink, our friends would enjoy and our customers would love too. We wanted a gin that was luxurious and full of flavour, but approachable and stripped back. The result is Felons, a lush, refreshing and crisp small batch gin (distilled on-site in Rogue Bar & Restaurant) which can be embraced by gin enthusiasts and novices alike. All flavour and no-nonsense, Felons needs...

Gordons Pink

Inspired by an original Gordon's recipe from the 1880s, Gordon's Pink is perfectly crafted to balance the refreshing taste of Gordon's with the natural sweetness of raspberries and strawberries, with the tang of redcurrant served up in a unique blushing tone. Made using only natural fruit flavours to guarantee the highest quality real berry taste.

Gordons Sloe Gin

We take the finest wild sloe berries and steep them gently, before adding Gordon's gin. The result is a wonderful tippie that marries the dryness of Gordon's with cassis sweetness – perfect in cocktails, as an alternative G&T, or simply on its own (but always with friends!).

Gorse Gin

Lundin Distilling create Gorse Gin in Fife, balancing the necessary traditional juniper-y goodness of gin with a hearty helping of locally-foraged gorse. However, it's not simply the juniper and gorse show - there are 17 other botanicals that make their way into Gorse Gin, including grapefruit, chamomile, elderflower and cinnamon, among others.

Harris Gin

The award-winning Isle of Harris Gin is our distillery's inaugural spirit release. Every drop is distilled here in Tarbert in our small copper gin still, known affectionately as 'The Dottach' after a similarly fiery and feisty local woman. The Dottach imbues our spirit with the complex delights of nine carefully chosen botanicals as we seek to capture the elemental nature of our island, particularly the maritime influences of the seas which surround us. Of all our botanicals, it is Sugar kelp which is key to the subtle coastal notes that mark out our spirit. Hand-harvested by a local diver from the deep underwater forests of the Outer Hebrides, this natural and sustainable ingredient completes the wider aspects of the gin's flavour profile. Unlike many gin-makers, our distillers discard, instead of recycling, the 'heads' and 'tails' of their spirit run, leaving only the very best of the distillate's 'heart'. We capture all this in a beautiful glass...

Hendricks

Junipero

Junipero Gin is made by Anchor Distilling in San Francisco, once the Anchor Brewing Company, a firm whose history dates as far back as 1871. Junipero is the first artisanal gin made in America since prohibition. It is distilled in a small copper still at Potrero Hills distillery in San Francisco, using a dozen of different botanicals. It is bottled at 49.3° to increase the release of those aromas. Is a bold gin, the kind that gives your mouth a firm handshake. Juniper bursts onto the palate, laying down a smooth bed, as citrus and floral notes saunter in like they own the place. The end resolves to a tidy finish, with a clean and crisp bite that invites another sip.

Kinrara Gin

A juniper led dry gin, combining both foraged and locally sourced botanicals. The rosehip's and rowan berries that we use in the gin have been gathered from the estate grounds throughout the year.

Nose: Fresh sea breeze with a sweetness reminiscent of sherbet, lemons and pine. Palate and finish: Starts warm and sweet with a hint of spice, followed by a floral, smooth and long finish.

London No1 Gin

The London N°1 is a unique gin. It is all of the components that give The London N° 1 its singular character - the quality of the ingredients, the distillation method, the colour and the bottle's design. Distilled in small batches in the heart of London, this gin's unique flavour is the result of the quality of the raw ingredients used, as well as its distillation in Pot Stills (traditionally the only stills used for distillation in small quantities).

London No3

The six perfectly balanced botanicals of No.3, can unlock a world of flavours. At its heart, exquisite drink-making is about balancing or accentuating flavours and textures and delivering them together in an irresistibly attractive presentation. To help you in your search to create interesting and delicious drinks we have designed an easy-to-follow flavour wheel that identifies possible ingredients you can pair with the six botanicals in No.3 Gin to best effect.

Lone Wolf Gin

LoneWolf Gin is purity personified. A twenty-first century taste sensation. Juniper berries form the perfect backbone of this gin. And lemongrass and Kaffir lime leaf add character. A zest-filled start gives way to delicate spice notes from the coriander, pink peppercorns and mace: a perfect complement to the citrus fruits. Lavender provides a delicate floral sweetness and Scots pine needles help to embed the juniper.

Mombassa Strawberry Gin

This is a sweet, juicy variation on the Mombasa Club Gin recipe, now featuring strawberries at its core! Perfect for the summer months - pour over ice with plenty of tonic water and a few fresh berries for good measure...

Monkey 47

Our 2018 Distiller's Cut is a piquant, yet elegant dry gin with delicate green top notes that lend it a unique complexity and unparalleled density. It's an exceptional pleasure for the palate - and not only for those who love the intoxicating aroma of mustard leaves.

Old Curiosity Apothecary Rose

Used in tinctures and tonics from eras gone by, the Apothecary Rose is subtle in fragrance and naturally floral in flavour. A romantic companion to our perfectly distilled gin.

Old Curiosity Chamomile & Cornflower

An infusion of pure cornflower pigments, naturally a vivid blue, and the subtle notes of the chamomile flower. A calming tincture that embodies the magic of nature.

Old Curiosity Lavender & Echinacea

Infuse the restorative qualities of Lavender with the medicinal powers of Echinacea, and breathe. If ever a gin could heal the soul it would be this.

Pickerings

Pickerings's Gin is based on an original Bombay recipe, dating from 17 July 1947. Kept as a family secret for over 66 years, it only resurfaced when we began distilling at Summerhall in Edinburgh. The original recipe gave us a gin full of fragrant spices and fresh citrus fruits – just the way they liked it in the days of the Raj. But by 2013, people were expecting a softer, smoother style of gin. So Matt engineered a bain-marie heating system for our 500 litre copper stills. (Well of course he did.) This is the secret to our gin's perfect balance. Once we have carefully prepared and measured our botanicals, we add them to the grain spirit in the stills. Here they enjoy a slow luxurious simmer, which coaxes out their subtle, soft, highly drinkable flavours.

Pilgrims Blueberry Liqueur

Pilgrims Raspberry Liqueur

Pilgrims St Andrews Gin

At Pilgrim's gin, we wanted to create a taste experience as unique and rewarding as a pilgrim's journey. We have taken the savoury, earthy notes of juniper, coriander, and angelica, complimented them with the sweet, acidic flavour of grapefruit and added an interesting twist of liquorice. Our gin is then refined with Scottish spring water, which is naturally sourced and drawn from a sustainable spring, and lovingly blended with blackcurrant to create an interesting and exquisite taste. A fascinating characteristic of Pilgrim's Original Gin, is at lower temperatures, we go cloudy!!! This is due to the high concentration of natural citrus botanicals that give Pilgrim's Original its unique taste.

Pilgrims Strawberry Liqueur

Plymouth

A rich, fresh aroma of juniper followed by notes of coriander and cardamom. The PALATE Extremely smooth, creamy and full-bodied, with a slight sweetness. The FINISH Elegant, long, fresh and aromatic.

Rock Rose

JUNIPER BERRIES Juniper is the predominant botanical – otherwise it just wouldn't be gin! We select our juniper from two different countries. Both junipers are subjected to a vapour infusion process and the Bulgarian juniper gives lemon sherbert notes, whilst the Italian juniper gives a real warmth and depth to the flavour of the gin. **RHODIOLA ROSEA** Locally we harvest Rhodiola rosea, perhaps more commonly known as rose root, which is a plant that grows in colder climes – ideal for the fresh breezes of Caithness. Over a thousand years ago, the Vikings would harvest wild exposed cliffs to gather Rhodiola rosea. This was thought to give them the extra strength to continue on their long arduous journeys. We use the root of the plant, which has the most wonderful rose aroma and adds a delicate floral note to our gin. **SEA BUCKTHORN** Sea Buckthorn is a silvery leafed shrub that grows along the coastline and...

Shetland Reel

Our award winning craft gin affectionately captures the nature of our island. Our signature recipe uses the sweet scented leaves of apple mint grown and harvested on Unst giving a unique authentic flavour of Shetland. Tasting notes: The nose has a hint of juniper with a subtle mix of spices and citrus. The initial palate has juniper, mixed spice, sweetness with a citrus tang and a refreshing hint of mint at the end. The finish is clean and fresh.

Sipsmith

The Nose Floral, summer meadow notes, followed by mellow rounded juniper and zesty, citrus freshness. The Palate Dry juniper leads, then reveals lemon tart & orange marmalade, before all the flavours harmonise. The Finish Dryness leads, with spicy juniper & a hint of lemon tart emerging.

Sloanes

Unashamedly inspired by the great gins of the past, Sloane's was created with a brief to be simply the finest gin available. Hand-crafted using individually distilled botanicals and fresh citrus fruits – a process that's unique to us – Sloane's achieved its goal by winning 'World's Best Gin' at the prestigious San Francisco World Spirit Competition 2011!

St Andrews Gin Co Lemongrass & Ginger

Our Lemongrass and Ginger Gin is an unusual blend of oriental fruits and spices. Built on the fruity base of lemongrass, lime and juniper, spicy notes of fresh ginger, allspice and kaffir lime leaves add an Asian style complexity.

St Andrews Gin Co Orange, Cardamom & Tonka Bean

Our Orange, Cardamom and Tonka Bean Gin is a fascinating mix of flavours. Sweet vanilla on the nose, juicy Seville oranges and lime zest, spiced with cardamom, grains of paradise and sarsaparilla root on the finish.

St Andrews Gin Co Pink Grapefruit

Our Pink Grapefruit Gin is a beautiful blend of citrus notes making a clean, tangy and refreshing gin. The citrus elements come from peel of pink grapefruit, Seville orange, lemon and lime, with just a pinch of clove spice.

Strathearn Heather Rose

This smooth and gentle drink is a move away from the traditional dry gin. The combination of rose and heather gives very light floral notes and a Prosecco character. The colour reflects the fields of heather on Scottish hillsides but the addition of tonic takes you to another world as the colour changes to a delicate pink and a waft of rose scent is released. Floral and light, sweet yet spicy.

Strathearn Oak

Strathearn Scottish Gin is a classic strongly juniper-led gin. A smooth, sweet start switches to a light peppery mouth-feel which is followed by a gentle sherbet finish as the citrus develops towards the end. The balance is achieved by a double distillation, ideal for the ultimate G&T. (For clarity, this is our former Juniper Gin)

Tyree

Alongside the core botanicals, the predominant flavour of Tyree Gin is achieved through locally foraged botanicals: Eyebright, Ladies Bedstraw, Water Mint and Angelica collected from the island's rich and fertile machair ground. Machair is low-lying arable or grazing land formed near the coast by a combination of soil and sand. This type of land is unique to Scotland and makes up around a quarter of the island. These machair botanicals together with Kelp from the wild Atlantic Ocean, combine impeccably to create a true taste of Tyree.

_RUM

Rums from all over the world

Appleton Estate

Appleton Estate Signature Blend is a 'blended rum', which means it is a combination of several rums of different styles and ages and does not have an age statement. THE BLEND 15 select aged rums, aged for an average of 4 years (no age statement on the bottle). APPEARANCE A beautiful harvest gold and amber colour, with remarkable clarity and brilliance. BOUQUET Perfectly balanced complex citrus, fruity and sweet notes, with subtle orange peel, dried apricot, fresh peach, and a hint of molasses and woody notes. FINISH Finishes as serenely as it started in the mouth. HOW TO ENJOY

Bacardi Negra

BACARDÍ Carta Negra is a medium-bodied black rum, crafted with passion by the Maestros de Ron Bacardí. Its rich, dark flavours develop in heavily charred oak barrels and are shaped through a secret blend of charcoals. Some might call it black magic.

Brugal Añejo

Añejo is an experience my friend, to sip it is to make any day a little more special. We mature Añejo for up to five years in specially selected ex-bourbon American oak casks, and our distillation process removes many of the heavy alcohols that other rums leave in. The result? A clean, smooth and not-so-sweet spirit that tastes like something you'll never forget.

Bundaberg Original

First distilled in 1888, Bundaberg Rum is as Australian as it gets. Made from 100% sugar cane then matured to perfection for a smooth and mellow flavour.

Captain Morgan Dark

CAPTAIN MORGAN® THE ORIGINAL RUM Back in the day I was called a roguish adventurer, sailing the high seas in search of new adventures. After every victorious escapade, I led my crew ashore to Jamaica's best taverns. These were the rugged, gritty backstreet bars where only those in the know would go to for the best parties and genuinely great times together. Captain Morgan® The Original Rum is a rum that embodies the spirit of those backstreet tavern parties – with a rich and full-bodied taste perfect for the modern day buccaneers who seek real, authentic fun with their crew. Tasting Notes: Intensely deep and rich taste, with a smoky cask finish.

Chairmans Reserve

Chairman's Reserve was first blended in 1999, overseen by then Chairman, Laurie Barnard, as a special project to create a fine quality rum that can represent the iconic style of St. Lucian rum. As a simple line of distinction, Chairman's Reserve starts with selected aged rums of both Coffey column stills and copper pot stills, married together after maturation, and then re-entered into oak for blending and final finishing. The end result has become the flagship St. Lucian rum known for its harmonious well-rounded finesse and style with tremendous character for cocktails and sipping experiences. RUM BLEND: A marriage of aged rums distilled from Coffey and pot stills MATURATION: Aged separately by batch and type of still in ex-Bourbon barrels, then blended and rested in oak vats for an additional six months. Average age of the blend is 5 years. TASTING NOTES: Rich dark amber in color, typical pot still richness comes through the aromas carried by whiffs of cooked banana, caramelized fruits and spicy oak derived vanilla. Goslings Black

Today, unlike most spirits, Black Seal includes products of both pot stills, as used in fine Cognacs, and continuous stills, as used in grappa. One imparts flavour, the other yields a subtle elegance. Together they work wonders. Gosling's Black Seal has a rich, intricate flavour, well balanced and nuanced with butterscotch, vanilla and caramel. Or, as expressed up by the Beverage Tasting Institute when they awarded it their highest honor, the Platinum Medal: "Deep, assertive and highly flavoured. Very fragrant with herbal sharpness. At the finish there is a softness and elegance. A most complex, unusual spirit." We were pleased, but hardly surprised. After all, we've been at this awhile.

Havana Club 3 yo

100% elaborate and aged in Cuba, it combines freshness and character for authentic Cuban Mojitos and Daiquiris.

Havana Club 7 yo

THIS DARK RUM MATURED IN BARRELS REVEALS THE RICH NATURAL FLAVOURS OF CUBA. Havana 7 holds the tastes of the Cuban terroir: aromatic tobacco, the sweet tropical fruits of the Cuban garden, molasses, spices and vanilla from the long ageing unfold, enhanced by the slow release of aromas.

Havana Club Especial

An amber premium rum with a sweet finish, elaborate and doubly aged in Cuba to make the best Cuba Libre.

Kraken

A dark spiced Caribbean rum introduced to the UK in Spring 2010, Kraken's old-style bottle and superlative packaging seem to earmark it out for greatness, and perhaps it will help some of those many thousands of punters nursing an old-recipe-Sailor-Jerry-sized hole in their hearts.

Matusalem Platino

Matusalem Rum was first introduced in 1792 in Santiago de Cuba, it was known as the "Cognac of Rums." But after Castro gained control of the country the family producing it went into exile, and after many years of inner turmoil the brand is today bottled in the Dominican Republic. The name Matusalem comes from a Spanish proverb "Esto es mas viejo que Matusalem" - or "It's older than Methuselah" (an almost ageless 969-year-old from the Old Testament). Their lineup includes their signature Solera aged Gran Reserva, largely considered the "Cognac of Rums." Clasico is an exotic and classic Cuban golden Rum, crafted from select Rums aged in New World oak and Solera aged for 10 years. Matusalem Platino is a unique blend of triple-distilled, handcrafted Spirits, that strike a delicate balance with subtle flavor.

Mount Gay Black Barrel

The latest from Master Blender Allen Smith, Black Barrel is a small batch, handcrafted blend made of matured double pot distillates and aged column distillates. In a process called finishing, the blended rum is then matured for a second time in deeply charred Bourbon oak barrels. This unique process releases spicy aromas that are at once balanced, and bold. AROMAS: Complex notes of spice, toasted wood, followed by fruit TASTE: Bold spice balanced with oaky vanilla and sweet caramel BODY: Warm medium body with long finish

Mount Gay Eclipse Rum

Eclipse is the reference for character, body and aroma by which our Master Blender Allen Smith uses to blend every variety of Mount Gay Rum. For many rum aficionados Eclipse is also the reference by which all rum should be measured. Eclipse has a brilliant golden amber colour and a luxuriously complex aroma. AROMAS: Distinctive floral and fruity notes of apricot and banana, with hints of vanilla TASTE: Subtle smokiness imparted by the toasted Kentucky oak barrels in which the rum is aged BODY: Warm, medium body with a bright finish

Mount Gay XO

An opulent blend of the finest spirits aged for 8 to 15 years. Where Eclipse is floral and fruity, Extra Old blends significantly older barrels of mainly double pot distillates that have rounded these crisper notes into a subtler balance. It exudes the finesse that only time can bring and offers a true taste of paradise from the rum that invented rum. AROMAS: Perfect balance of ripe banana and toast, followed by vanilla, pastry and warm spice. TASTE: Rich, oaky and sharp. BODY: Rounded with a smooth finish.

Old J Spiced

Admiral Vernon's Old J Spiced Rum is a premium spirit made with Caribbean rum from Trinidad and Barbados. Blended with spices, sweet vanilla and Persian lime, it took over sixty trials before the right mix of ingredients was found and the smooth and spicy flavour profile was born. With a well-rounded taste of spice and toffee, the original Old J is best enjoyed when simply served over ice with coke or ginger beer and a couple of fresh lime wedges. For an extra kick of citrus, you should drag a lime around the top of the glass before serving.

Old J Tikki Fire 75.5% ABV

The origins of Old J date back to 1740, when an admiral decided to enforce a reduction in the British Navy's much-loved rum ration. Old J Tiki Fire redresses this historic reduction by increasing the strength to 151 proof, but keeps the spices, lime and sugar that make Old J what it is. Tiki Fire is based on the same recipe as the original spiced Old J, but is bottled at an intense 75.5% ABV. Created with cocktail enthusiasts in mind, it is designed to add some heat to your mixology but also makes for a real fire-in-the-throat shot experience. Recognised with a Gold Award at the 2017 Rum Masters, it may taste like the original and smell like the original, but Tiki Fire is a different beast. You'll know it when you feel it.

Rebellion

An opulent blend of the finest spirits aged for 8 to 15 years. Where Eclipse is floral and fruity, Extra Old blends significantly older barrels of mainly double pot distillates that have rounded these crisper notes into a subtler balance. It exudes the finesse that only time can bring and offers a true taste of paradise from the rum that invented rum. AROMAS: Perfect balance of ripe banana and toast, followed by vanilla, pastry and warm spice. TASTE: Rich, oaky and sharp. BODY: Rounded with a smooth finish.

Ron Zacapa 23 yo

this is a truly superb Guatemalan rum, blended using the solera system. Sublime stuff. This was matured in a mix of bourbon and sherry casks. The Beverage Testing Institute awarded this 98 points!

Rums from all over the world

Ron de Jeremy Reserva

RON de JEREMY RESERVA AWARD WINNING SMOOTHNESS The exceptionally well-balanced and smooth RON de JEREMY RESERVA (40% abv) is a proprietary blend of super premium rums from Barbados, Trinidad, Jamaica and Guyana. The blend includes hand-selected pot and column still distilled rums aged up to 8 years in American oak barrels previously used for Bourbon. The color is golden with iridescent copper hues. The initial aroma is reminiscent of an aging cellar, with notes of charred oak, toasted nuts and fresh sugarcane. Once in the palate, the rum delivers on the aromatic promise, with layers of sweet wood intertwined with brown sugar and butterscotch, all harmoniously balanced. The finish is long and smooth, simply perfect. The Ron de Jeremy taste is created by the legendary Master Blender Don Pancho Fernandez. With 50 years of experience in crafting the world's best rums, he is one of the most respected Master Blenders alive.

Ron de Jeremy Spiced

RON de JEREMY SPICED is created using the finest rums from the island of Trinidad and artfully blended with exotic spices. It is darker and more flavourful than most spiced rums while delivering on its signature long, smooth finish. RON de JEREMY SPICED shows the dark reddish brown colour of cinnamon bark. Aromas of rich vanilla, cinnamon and nutmeg are forward yet pleasantly soft. The initial taste is of vanilla and caramel, with enough spice to work well in cola or classic cocktails. The signature ending is long and smooth.

Sailor Jerry

TASTING NOTES Flavors of almond and vanilla with hints of cassia and cinnamon

Woods Navy Strength

Wood's is made from the finest sugar cane and distilled in Guyana, South America. Bottled at 57% abv, it is one of the highest percentage volume dark rums out there right now, Its smooth enough to enjoy neat, but also a killer choice for cocktails.
