Rum

has a wealth of history and variety

Be it white, golden, dark, spiced; neat, mixed or in a beautifully crafted cocktail, in the words of Erik Voskamp,

“There is a rum for everyone, but they don't know it... yet”.

The first modern rum, distilled from sugar cane by-products, was found in the Caribbean during the 17th century when slaves, most likely in the island of Barbados, found that molasses could be fermented into an alcoholic beverage which could then be distilled in order to remove its impurities.

Today we are lucky enough to enjoy rums from all over the Caribbean, South America and beyond.

Kraken

Chocolate sweetness & vanilla mingle with cinnamon, clove, ginger & orange, a warming finish with rich vanilla & coffee and slight pepper.

Koko Karu Rum

A smooth blend of Jamaica's finest aged white rum with added natural essence of coconut.

Bacardi Ocho Años

After aging for more than 8 years in carefully selected oak barrels, blending to perfection gives notes of prunes, apricot, nutmeg and vanilla over a clean woody background of oak. Smooth and rich on the palate, very full with a long and expansive finish.

Mount Gay Eclipse Rum

This Barbados Rum has a brilliant golden amber colour, distinctive floral and fruity notes of apricot and banana on the nose and a subtle smokiness imparted by the toasted Kentucky oak barrels in which the Rum is aged on the palate.

Gosling Black Seal Rum

A rich, intricate flavour, well balanced and nuanced with butterscotch, vanilla and caramel

El Dorado 5 Vo Rum

Amber in colour and spirited with a dried tropical fruit nose. A vibrant entry leads to an evolving palate of fruit, caramel and toasted coconut fading to a vanilla tinted glow. Remarkably developed and complex for a relatively young rum

Sailor Jerry Spiced Rum

Smooth with warm spices of cinnamon & nutmeg with rich vanilla. A long dry finish balanced with a subdued sweetness and a hint of burnt toffee.

Havana Club 7 Vo

The epitome of Cuban Rum. The lengthy and natural ageing process in white oak barrels infuses the Rum with its powerful and complex flavours to produce a stylish and exceptionally rich Rum.

Gordon's Gin

Carefully distilled using a secret recipe, the distinctively refreshing taste comes from the finest handpicked juniper berries and a selection of other botanicals. It's the taste that's made Gordon's the world's best-selling London Dry gin.

Gordon's Pink Gin

Served with strawberry garnish. Gordon's Pink gin balances the refreshing taste of Gordon's with the natural sweetness of strawberry and raspberry with the tang of redcurrant.

Gordon's Sloe Gin

Served with a lemon wedge garnish
Sloe berries (fruit of the wild blackthorn) are gently steeped, then added to Gordon's® gin to marry dry with cassis sweetness.

Gin Mare

Served with a fresh mint garnish.
Distilled in a fishing village near Barcelona, Gin Mare smells and tastes like the essence of the Mediterranean, which was kind of the intention. It was designed as a 'pan-Mediterranean concept that unites the different cultures around the Sea, representing their botanical stars.' Its primary botanicals are Arbequina olives, thyme, basil and rosemary.

Bloom

Served with chopped strawberries. Take a sip and you'll find it's incredibly delicate on your tongue. It's infused with nature: floral notes start with hints of sun-warmed honeysuckle and delicate chamomile. The uplifting citrus taste of pomelo and a touch of earthiness complete the taste.

Tanqueray

Served with a lime garnish.
Quadruple distilled and made from the finest botanicals in the world.

Opium

Served with a Red Chillies.
This Gin smells of the cocktail of spices it's made with, especially the cardamom. Its distinct aroma is soft, rounded, complex and balanced. It tastes bright and fresh to start with, you can taste the orange and coriander. It's slightly sweet, with a spicy heat that builds gently, before fading into a long, soft finish of cardamom and juniper.

Hendricks Gin

Served with a cucumber garnish.
Handcrafted gin with traditional botanicals, juniper, coriander, and citrus peel but the special infusion of cucumber and rose petals creates a unique and unexpected flavour. Despite the possibilities of surprise, most people shrink away from what is odd. But there are those who seek it, individuals who are truly excited by what is strange and different.
Made with a free and imaginative spirit.

Whitley Neill Rhubarb and Ginger Gin

Served with a lime garnish
The essence of rhubarb adds a tart crisp edge to the smooth English Gin base, whilst the ginger extract warms the palate for a full bodied finish.

Bathub

Bold juniper leads the way with fragrant citrus and cardamom.
